

CRISTAL SPA

ANNECY

## *Cristal Spa.*

In December 2010, Cristal Spa opened its doors in La Clusaz at the hotel Au Cœur du Village\*\*\*\*, Relais & Château. We celebrated, in 2016, the creation of a second spa in Annecy, located at the iconic Imperial Palace\*\*\*\* hotel. To enhance its offering in exceptional locations, Cristal Spa opens in 2025 at the heart of Hotel Beauregard\*\*\*\* in La Clusaz.

Our spaces are designed to invite you to relax and let go, combined with personalised attention—that is the heart of our philosophy. Our therapists, expertly trained to achieve a range of treatments and massages, use their knowledge and skills to make every moment exclusively yours.

The signature of Cristal Spa is summed up in a few words:

*You are unique.*

We carefully selected our partner brands to reflect the experience we imagined for our Cristal Spa.

We chose Alpeor and Phytomer for their exceptional protocols, which we deliver in our treatment cabins. Our advisers also offer these products for sale, helping you continue your wellness journey beyond your visit.

To enhance your immersion in this bubble of total well-being, we offer you access to the swimming pool, sauna, and hammam before your treatment.

At Cristal Spa, we offer treatments in both single and double cabins, so you can choose to experience your moment of relaxation alone or share it with someone special.

Happiness starts here...

## *Impérial Palace • Annecy*

Located in Annecy on the ground floor of the emblematic Imperial Palace\*\*\*\* hotel, Cristal Spa proudly displays 600 m<sup>2</sup> with an immaculate and contemporary cocoon where the decoration is resolutely inspired by contrasts that nature offers. The relaxation pool, a true architectural feat and the centre-piece of the wellness area, combines an all-glass design with jet streams and a waterfall.

You can choose to relax by the pool or join the experience shower for an extraordinary sensorial journey. Here, changing temperatures, varying jet stream intensities, shifting colours, and textured floors awaken your senses. Or, if you prefer, enjoy the dry heat of the sauna or the soothing benefits of the hammam, where two luminous lines wrapped around the ceiling evoke the shape of a DNA molecule. Athletes will also enjoy a fully glazed fitness area, outfitted with state-of-the-art Technogym equipment.

This haven of serenity is composed of 4 treatment rooms and a relaxation area with herbal tea and particularly co-cooning.

Each room is named after a semi-precious stone, and its ceiling features reproductions of famous painters celebrating the beauty of women. At the reception area, The artistic atmosphere is further enhanced by Botticelli's triptych, "The Three Graces", which adorns the reception area.
